

Nav has links to other main functions of site, it will have a transparent background and links that appear to be floating.

Links will be in the shape of tags, and colored in different primary to attract attention. They will have drop shadow that makes them appear to be floating and comic sans text for handwritten feel

Simulated corkboard that displays messages about dogs up for adoption etc. Background will be a corkboard texture.

Simulated polaroid that features pictures of dogs up for adoption followed by a single line of text that displays their name in comic sans. (white)

The footer will have a small amount of details about the organisation and will have a slightly darkened background to reduce the attention it attracts. (helvetica - red)

The background of the body will be a wooden tiled pattern, this will give the impression of a wall and add to the noticeboards affect.
